

Health and Safety Policy Statement

J&B Recycling Ltd provides diverse and innovative solutions in waste collection, recovery and recycling to public and private sectors organisations. Partnerships are developed to manage waste in the most effective, legally compliant and efficient way, whilst maintaining the adaptability to react to our customers' changing needs. We will provide flexibility, quality, reliability and value for money to all our customers in a sustainable and ethical manner.

J&B Recycling Ltd recognises that Health and Safety is the responsibility of every employee extending from the Board of Directors and the need to operate its business in a manner that reflects sound Health and Safety management. To this end J&B will, as a minimum strive to implement and maintain a safe working environment by:

- Establishing a Health and Safety management system which is compliant to all statutory and regulatory requirements.
- Committing to provide safe and healthy working conditions for the prevention of work related injury and ill health.
- Effectively manage Health and Safety for all of our premises and work activities, including but not limited to collection and or processing of waste/recyclables and operation of waste/recycling facilities.
- Providing a framework for the setting of Health and Safety objectives and associated targets.
- Committing to carrying out and regularly reviewing risk assessments to identify hazards through a hierarchy of control.
- Committing to regularly monitoring our performance and revise our Health and Safety management system as necessary to ensure we achieve our object of continuous improvement.
- Committing to communicate and consult with our staff to enable them to work safely and effectively and to ensure they are competent and confident in the work they carry out.
- Committing to continual improvement of our OH&S Management system.

J&B will comply with all relevant Health and Safety legislation and Regulations and act openly with government officials at all levels to ensure full compliance with such requirements.

Vikki Jackson-Smith
